HAPPY BIRTHDAY  
KSOR  
ON  
MAY 16

Over the past half-year, KSOR's programming has undergone many changes as we strengthened our efforts to serve a broader, and larger, audience. Our programming this Spring reflects continued movement in these directions.

Our newest classical disc arrivals will be heard each week on Siskiyou Music Hall Debut, also on Saturdays, following the last Texaco Metropolitan Opera broadcast (April 19) we will again program opera broadcasts locally for our bel canto audience.

The KSOR Cookie Jar has been expanded to one hour and we think it provides an unusual and enjoyable slant on news and views. And to complement an expanded version of our weekly broadcasts with the Robin Lawson Quartet from Oak Knoll an interview/music potpourri, Hot Flashes, on Friday evenings.

Please join us for KSOR's 6th anniversary celebration in May, about which you'll hear more shortly, and let us know about your listening interests as we prepare next year's broadcast schedule.
